1 of 2 review helpful Not just raiders and traders By joe I was like many people when I first learned about Vikings horned helmets axes raiders and so on My proff taught me otherwise she made us read this book Sawyer is one of the great historians of the Viking age In his book he is able to show not only that Vikings were both raider and traders sometimes in the same year but also their influence throughout Europe Professor Sawyer offers some new interpretations of the development of Scandinavian society and history of the Christian conversion Kings and Vikings is no cautious general account of the Viking age but rather a selective survey by which it is a pleasure to be informed and stimulated Times Higher Education Supplement
