0 of 0 review helpful It is kind of architecture history of Italian period in Libya and East Africa By Aymen It is interesting to understand Italian architecture and urban design history in Libya and east Africa during Italian

occupation I new more about the main architects and their style in that period There is no much references talk about this aspect so I like it 2 of 2 review helpful This volume studies the architecture and urbanism of modern era Italian colonialism 1869 1943 as it sought to build colonies in North and East Africa and the eastern Mediterranean Mia Fuller follows not only the design of the physical architecture but also the development of colonial design theory based on the assumptions made about the colonized and also the application of modernist theory to both Italian architecture and that of its colonies Moder The book fills a quite obvious gap in scholarship on Italian colonialism for scholars of urban history and cultural studies Urban History Isquo a welcome contribution to the ever growing literature on the architectural
