By Angelo Forte, Richard Oram, Frederik Pedersen : Viking Empires the viking age is the period from the late 8th century to the mid 11th century in european history especially northern european and scandinavian history following as the metaphoric flag bearer for viking cruises the viking star is a far cry from the many longboats in their fleet this 930 passenger liner is a fully equipped Viking Empires:

Viking Empires is a definitive new history of five hundred years of Viking civilization and the first study of the global implications of the expansion integration and reorientation of the Viking World. From the first contact in the 790s the book traces the political, military, social, cultural and religious history of the Viking Age from Iceland to Lithuania. The authors show that it is no longer possible to understand the history of the Norman Conquest the success...
