By R. I. Page : Chronicles of the Vikings: Records, Memorials and Myths the vikings are not known for their literate legacy little of what they once inscribed in runes on wood bone and stone has survived however these runic mar 25 2011nbsp;chronicles of the vikings has 47 ratings and 6 reviews basicallyrun said my first bit of preparatory reading for asnc very informative and very intere Chronicles of the Vikings: Records, Memorials and Myths:

2 of 3 review helpful No illustrations Not one By Janey B Full of historical information and insight which is all the

three stars are for but extremely disappointing in that with all the wonderful items available with the new exhibit this book chooses to show not a single one It's text only cover to cover This is basically an updated republishing of the 1995 book not what I wrongly anticipated as a visually suppo There have been many books about the Vikings but few that see them from their own point of view Most accounts rely heavily on the records of prejudiced observers who saw the Vikings only as savage raiders or the archaeological record which tells us much about their material culture but little about their values This classic book reveals how the Vikings saw themselves portrayed in their own writings or in the reports of people who knew them closely Using a series
