Goods made or designed in Italy enjoy a profile which far outstrips the country's modest manufacturing output Italy's

glorious design heritage and reputation for style and innovation has added value to products made in Italy. Since 1945 Italian design has commanded an increasing amount of attention from design journalists, critics and consumers. But is Italian design a victim of its own celebrity? Made in Italy brings together leading design historians to explore. Made in Italy investigates the celebrated history of industrial design in modern Italy. It examines what makes an object Italian in a world characterized by increasingly interconnected production, marketing and consumption networks. The book does
