From Brand: University of Manitoba Press : Laws of Early Iceland: Gragas II (U of M Icelandic Series) Laws of Early Iceland: Gragas II (U of M Icelandic Series):

4 of 4 review helpful A treasure trove of interesting information By Christopher R Travers Like all legal codes this is not an easy read This is made all the more difficult by the attempts to leave some of the technical vocabulary intact in the manuscript One often has to get the sense of how everything fits together to understand a given regulation for example the idea that one can have meadowland rights on someone The laws of Mediaeval Iceland provide detailed and fascinating insight into the society that produced the Icelandic sagas Known collectively as Gragas Greygoose this great legal code offers a wealth of information about early European legal systems and the society of the Middle Ages This first translation of Gragas is in two volumes ldquo An amazing social document hellip that is the blueprint for an unprecedented social experiment hellip An example of scholarship of the highest order rdquo American Journal of Legal History About the Author
