0 of 0 review helpful Enjoyable Book By APeper I really enjoyed reading this book about a Queen that so few people know about She lived a fascinating life but she died in disgrace and was promptly forgotten about by history This is a woman who defied the standards of her day and rose to great power She managed to sway Popes and Kings to her side and survived numerous attempts at her crown Towards the end it was so The riveting history of a beautiful queen a shocking murder a papal trial and a reign as triumphant as any in the Middle Ages On March 15 1348 Joanna I Queen of Naples stood trial for her life before the Pope and his court in Avignon She was twenty two years old Her cousin and husband Prince Andrew of Hungary had recently been murdered and Joanna was the chief suspect Determined to defend herself Joanna won her acquittal
