0 of 0 review helpful another Discoveries series book By Lee E Blasingame see the review of the Discoveries book of

Marilyn Monroe it was a rave but it was about the whole series this is just a wonderful history book of the arts left behind of the Vikings which i knew nothing in particular about before reading this book i wish these were used in school i would have gotten a better grade and education out of it 0 Well written loaded with information and with a rich assortment of illustrations each Discoveries RM volume is a look at one facet of art archaeology music history philosophy popular culture science or nature These innovatively designed affordably priced compact paperbacks bring ideas to life and amplify our understanding of civilization in a new way Language Notes Text English translation Original Language French
