0 of 0 review helpful The Winter War By Clive Beilby This is possibly one of the most fascinating stories attached to World War 2 and will cause anyone with a heart and a stomach to feel renewed patriotism for their home land This is the 300 Spartans all over again in a different setting You have to love those Finish people It causes one to view the modern world in a different light and realize what we have lost No one Paperback edition of Engle and Paananen s authoritative account of the Winter War
