william dobbie so as to quot;bear The Great Siege: Malta 1565:

7 of 7 review helpful Excellent treatment of the great siege By Stone Dog Ernle Bradford has given us a very good account of the Siege of Malta in 1565 the last stand of the Knights Hospitallers I know it wasn't their last action but was certainly the high point and they would continue to fade away as the one of the last vestiges of the medieval world After their retreat from Rhodes the Knights of St John A thrilling cinematic account of the siege of Malta as it's never been told before Suleiman the Magnificent the most powerful ruler in the world was determined to conquer Europe Only one thing stood in his way a dot of an island in the Mediterranean called Malta occupied by the Knights of St John the cream of the warriors of the Holy Roman Empire A clash of civilizations the likes of which had not been seen since Persia invaded Greece was A superior readable treatment of an important but little discussed epic from the Renaissance past An astonishing tale Kirkus's About the Author Ernle Bradford was born in 1922 and died
