By Robert Nelson : Finnish Magic (Llewellyn's World Religion & Magick) Finnish Magic (Llewellyn's World

Religion & Magick):

3 of 3 review helpful I'd like to give the author some benefit of the doubt By Scott Cockrell The author Robert Nelson was researching his genealogy and found he was related to certain famous Finno Americans including the witch Margaret Matson and felt inspired to write this book on Finnish magic Mr Nelson is not an occult author he is a psychologist and given Llewellyn Publishing's reputation for mass market ma Shamanism is the oldest form of spirituality and magic on earth In Finland shamanism is the source of their system of magick Now you can learn their system in Finnish Magic by Robert Nelson Ph D In this book you will discover the ancient national epic of Finland known as the Kalevala This book involves the search for magical power and is the single greatest influence on the formation and definition of modern Finland according to the author
