0 of 0 review helpful Neat stuff By Z This is something of a niche review not a review of the book or its contents but just some information I'm passing along that may be useful to people with intentions similar to mine The book along with Tyson's application of runes and dice are quite interesting While I don't practice divinations I design and play games that USE divinatory systems I got this book meaning to Since their invention by Donald Tyson more than ten years ago rune dice have become a significant and popular medium for casting these magical symbols Within moments of casting the dice you can reveal unknown or secret matters of the past or present Now for the first time here is the complete system of divination by rune dice a system founded on authentic historic source material The Rune Dice kit is the only system to explain in detail the uses of the dice in bot About the Author Donald Tyson Nova Scotia Canada is an occult scholar and the author of the popular critically acclaimed Necronomicon series He has written more than a dozen books on Western esoteric traditions Visit him online at DonaldT
