By Kari Stenman, Peter de Jong : Fokker D.XXI Aces of World War 2 (Aircraft of the Aces) the dutch dxxis saw less than a week of action following the german invasion of the west on 10 may 1940 with many of the countrys 28 fighters being destroyed on the paperback of the fokker dxxi aces of world war 2 by kari stenman peter de jong chris davey mark postlethwaite at barnes and noble free Fokker D.XXI Aces of World War 2 (Aircraft of the Aces):

5 of 5 review helpful An excellent companion to Osprey s other books on the Finnish Air Force in WWII By W D Veazey This book provides excellent coverage of a topic not covered much elsewhere and is generously illustrated

with many rare photos The text is presented in a logical chronological order following the progression of the D XXI s career as the focus of the war shifted The color plates are particularly good I ha Entering service with the Dutch air force from early 1938 the aircraft was also built under license in Denmark and Finland Production was also scheduled to commence in Spain too but Nationalist forces overran the factory before this commenced The Dutch D XXIs saw less than a week of action following the German invasion of the west on 10 May 1940 with many of the country s 28 fighters being destroyed on the ground However those that survived the initial onslaught in lquo This celebration focuses on the planes pilots and battle experiences blending vintage black and white photos with color illustrations throughout and is a pick for any military or aviation history collection rdquo The Midwest Book July 201
