1 of 1 review helpful Skorzeny under the microscope By A M Steiner Excellent This is the first source I have read in

which Otto Skorzeny is put under the microscope It has since ready this volume not been the last I do wish more of Oblt Georg Freiherr von Berlepsch and his men had been included rather than devoting so much space to debunking the Skorzeny myth along with his canteen commandos but one has to say The successful rescue of imprisoned Italian dictator Benito Mussolini from atop the Gran Sasso plateau by German glider borne troops on 12 September 1943 was one of the most dramatic Special Forces operations in military history Arrested by his own officers in July 1943 Mussolini had been whisked away to an isolated and heavily guarded mountain top resort the Hotel Campo Imperatore at Gran Sasso which could only be reached by a heavily guarded cable car station It About the Author Dr Robert A Forczyk has a PhD in International Relations and National Security from the University of Maryland and a strong background in European and Asian military history He is currently a lieutenant colonel in the US Army Reserves and has
