**By Mary A. Valante : The Vikings in Ireland: Settlement, Trade and Urbanization** etymology the early viking settlers named the island as greenland in the icelandic sagas the norwegian born icelander erik the red was said to be exiled from identification the united kingdom of great britain and northern ireland is the formal name of the sovereign state governed by parliament in london The Vikings in Ireland: Settlement, Trade and Urbanization:

Over the course of two and a half centuries Viking raiders and their descendants settled in and urbanized Ireland connecting the Irish with long distance trade routes as never before. The existence of these new wealthy port towns benefited the Irish inhabitants of each town's controlled hinterland. At the same time those living in each town's periphery outside the immediate hinterlands could both benefit from trade and find themselves the victims of raids. This Eum
