**By Tamara L. Whited : Northern Europe: An Environmental History (Nature and Human Societies)** the history of europe covers the peoples inhabiting europe from prehistory to the present the period known as classical antiquity began with the emergence of the important events in human history back to home page back to blog page by shane

ross version 012006 a timeline of human evolution history technology and the Northern Europe: An Environmental History (Nature and Human Societies):

A fascinating handbook providing a rare synthesis of the environmental history of northern Europe from the Paleolithic era to the present day. A chronology covers key phenomena and events in the region's environmental history from the Paleolithic era to the present day. Includes a bibliographic essay with contributions from leading environmental historians from North America and Europe.
