0 of 0 review helpful THe Story of Finnish pilots and their aircraft By Lee Naylor I enjoyed the book It was easy reading and gave information on Finnish Aces Anyone interested in WWII battles aircraft aces or Finnish war history

will enjoy this book This book shows that the Finnish Air Force with an odd and small collection of outdated aircraft beat back an overwhelming number of Soviet Aircraft and helped save Always outnumbered by their Soviet counterparts the small band of Finnish fighter pilots who defended their Scandinavian homeland from the communist hordes in three separate wars between 1939 and 1945 amassed scores only bettered by the Luftwaffe's Jagdflieger Initially equipped with a motley collection of biplane and monoplane fighters garnered from sources across the globe the Finnish Air Force was thrust into combat in November 1939 Given little chance against Finland's valiant stand against communist fascism is little known in the annals of the Twentieth Century It is yet another shining example of how a free democratic small motivated country with good tactics and doctrine can prevail in the face of seemingly
