6 of 6 review helpful Excellent photos a great resource By Julia Rampke This hard to find volume of color photographs many of which I believe were produced by the Regia Anglorum are well worth the purchase price of this

book especially if you're a re-enactor. You can see details quite well and if you're wanting to make your own Norse crafts, this is an excellent resource. Don't pass it up. 0 of 0 review helpful. A remarkable photographic recreation of the appearance of the Norse explorers, invaders, and colonists of 8th-11th century Europe. The combination of specialist photography and living history societies allows us to study and record the appearance and lifestyle of the Vikings: the Norse costume, weapons, armor, tools, and homes. Europa Militaria Special 6.
