By Davide Zori (editor) : Viking Archeology in Iceland: Mosfell Archaeological Project (Cursor Mundi) Viking Archeology in Iceland: Mosfell Archaeological Project (Cursor Mundi):

The Viking North Atlantic differs significantly from the popular image of violent raids and destruction characterizing the Viking Age in Northern Europe. In Iceland, Scandinavian seafarers discovered and settled a large uninhabited island. In order to survive and succeed, they adapted lifestyles and social strategies to a new environment. The result was a new society, the Icelandic Free State. This volume examines the Viking Age in Iceland through the discoveries and e
