By Lars C. Norbach : Prehistoric & Medieval Direct Iron Smelting in Scandinavia and Europe (ACTA JUTLANDICA) prehistoric and medieval direct iron smelting in scandinavia and europe acta jutlandica surveys of prehistoric and medieval iron smelting furnaces prehistoric and medieval direct iron smelting in scandinavia and europe aspects of technology and science a part of the series acta jutlandica 762; humanities Prehistoric & Medieval Direct Iron Smelting in Scandinavia and Europe (ACTA JUTLANDICA):

A collection of 35 largely technical lectures from the Sandbjerg Conference held in 1999 examine metallurgical evidence from Scandinavia and Northern Europe as well as reporting on developments in scientific analytical techniques. Divided into five sections, papers discuss particular types of iron production and settlement, regional studies, metallographic investigations of artefacts and sites, metallographic regional studies, Geophysical prospecting and archaeomagnetic.
