Between 1347 and 1352 an unknown and deadly disease only much later known as the Black Death swept across

Europe leaving an estimated 30-50% of the population dead. Contemporaries held various views as to what was the final ultimate cause of this disaster. Many probably most thought it was God's punishment for the sins of humankind others thought it was basically a natural phenomenon caused by a fateful constellation of the heavenly bodies. Recurrent plague epidemics
